

Hope Library
374 North Rd.
Hope, RI 02831
821-7910

Welcome to Hope Library! The first step of your journey begins just inside the front doors. Look at the ceiling above you, and count the number of submarines "sailing" into adventure. Be careful, though, that the fish and scuba divers don't throw you off your count. Now, subtract one from your final submarine count, and take that many steps straight ahead.

Turn to your left, and proceed approximately 20 steps forward.
(The row of computers will be on your left.)

At the end of 20 paces, turn right, and head toward the dark red door. You must say the magic words "Book an Adventure" as you press the button on the right side of the door. As the door magically swooshes open, step inside and press the button with the number "1".

You will automatically be taken down to the Children's Room, where more adventures await you.

When the door opens, step outside and turn to your left. Continue walking until you come upon the undersea adventure, (also known as the salt water reef tank), and let your gaze fall upon Marlin, Nemo, and Bubbles. See if you can find the red scallop, brain coral, and a host of snails, shrimp, and crabs. If you're really lucky, you will see the star serpent, which looks like a flat octopus, with spiny legs.

After your adventures at the reef tank, turn to your right, and continue walking until you come upon the video collection. At the videos, turn right and proceed forward, until you come upon a door on your left. Go through the door, and up the stairs. At the top of the stairs is a wall quilt. At the quilt, turn left and advance 6 paces. Stop. Turn right, and continue straight ahead to the reading area. Turn right, and find the magazine racks on your right side. Locate the magazine "Family Fun" and lift up the rack. Underneath the rack, you will find a container with the words, "*Book an Adventure*". Inside this container, you will have found your quest!
